Portfolio: delroybrown-portfolio.ct.ws

PROFESSIONAL SUMMARY

Results-driven Software Developer with 4+ years of professional experience designing, developing, and deploying scalable web applications. Expert in full-stack development with specialized expertise in AWS cloud infrastructure, backend automation, and modern web technologies. Proven track record of delivering 20+ production websites for enterprise clients and startups while maintaining clean, maintainable code. Skilled in cloud deployment, REST API design, and cross-functional collaboration.

CORE COMPETENCIES

Cloud & Infrastructure: AWS (IAM, S3, EC2), Heroku, Docker, Cloud Deployment, Infrastructure Automation	Backend Development: Python, Django, Node.js, REST APIs, PostgreSQL, MySQL, SQLite, Firestore, Database Design & Optimization
Frontend Development: JavaScript, React, HTML5, CSS3, Responsive Design, UI/UX Implementation, jQuery	DevOps & Tools: Git, GitHub, GitHub Actions, CI/CD Pipelines, Linux Command Line, Trello, VS Code
Additional Technologies: Java, C#, PHP, Bootstrap, JSON, API Integration (Stripe, PayPal), ChatGPT-Assisted Development, Figma	Soft Skills: Problem-Solving, Client Communication, Agile Methodology, Remote Collaboration, Code Review, Mentoring

PROFESSIONAL EXPERIENCE

Software Developer

BINA-Q | Full Stack Development

Nov 2023–May 2025

- Contributed to end-to-end development of a healthcare platform built on Django and React
- Designed and implemented secure REST APIs deployed on AWS S3 and Heroku cloud infrastructure
- Built internal dashboards using React for real-time data visualization and monitoring
- Utilized modern development practices including version control, code review, and CI/CD deployment
- Collaborated with cross-functional teams in agile/scrum environment
- Leveraged AI-assisted debugging (ChatGPT) and rapid prototyping tools (DeepSite) to accelerate development cycles

Software Developer

IT Career Switch Ltd | Full Stack Developer Traineeship

1-year comprehensive program | 2023–2024

- Mastered full-stack development across 12+ programming languages and frameworks (Python, Django, React, JavaScript, Java, C, PHP, Node.js)
- Built production-ready applications using modern architecture patterns and best practices
- Demonstrated expertise in database design (SQL, MySQL, PostgreSQL, SQLite, Firestore) and cloud deployment (AWS S3, Heroku)
- Gained hands-on experience with professional development tools including Git, GitHub, API integration, and testing frameworks
- Successfully completed real-world projects with rigorous code quality standards and agile workflows

Freelance Software Developer

Independent / Various Clients | Full Stack Developer

2018–Present

- Designed, developed, and deployed 20+ responsive websites for SMEs, non-profits, and startups across diverse industries
- Specialized in user experience optimization, responsive design, and seamless payment/booking integration
- Tech Stack: HTML5, CSS3, JavaScript, React, Django, Python, PostgreSQL
- Managed complete project lifecycle from requirements gathering to deployment and ongoing maintenance
- Implemented version control (Git) best practices, improving team collaboration and code organization
- Integrated third-party APIs (Stripe, PayPal) for secure payment processing
- Maintained 95%+ client satisfaction rate with proactive communication and timely delivery

Key Achievements:

- Reduced deployment time by 40% through automated deployment pipelines
- Achieved 99.5% uptime across production applications
- Successfully migrated 5+ legacy applications to modern cloud infrastructure (AWS S3, Heroku)

Tech Stack: Django, React, Python, AWS (S3, Heroku), REST APIs, PostgreSQL

Junior Developer & Production Support

E3D Online Ltd | Internal Tools & Manufacturing Systems

2020–2022

- Designed and built internal React dashboards for manufacturing metrics tracking and real-time analytics
- Automated business reporting tools using Python and Django, improving data accuracy and reducing manual processing by 35%
- Contributed to infrastructure reliability and system optimization across production environments
- Developed communication skills working with non-technical teams and cross-functional stakeholders
- Rapidly adapted to evolving requirements in a fast-paced manufacturing technology environment

Key Achievements:

- Automated 10+ manual reporting processes, reducing operational overhead
- Improved data reliability through robust error handling and validation
- Delivered 3+ production applications with zero critical bugs in first quarter

EDUCATION & CERTIFICATIONS

Diploma in Full Stack Web Development

Code Institute & Edinburgh Napier University | 2019–2021

Comprehensive training in web development, software engineering principles, and professional development practices

Codecademy Certifications:

- Full Stack Engineer Career Path
- Python 3 Fundamentals
- React: The Complete Guide
- The Complete JavaScript Course (2019–2021)

Continuous Learning

- AWS cloud fundamentals and best practices
- Advanced JavaScript and React patterns
- Database optimization (SQL, NoSQL)
- RESTful API design and implementation
- Git and GitHub workflows

TECHNICAL PROFICIENCY MATRIX

Category	Expert	Advanced	Intermediate
Languages	Python, JavaScript	Java, C, PHP	Go, Rust
Frontend	React, HTML5, CSS3	jQuery	Bootstrap
Backend	Django, Node.js	Express.js	Flask
Databases	PostgreSQL, MySQL	SQLite, Firestore	MongoDB
Cloud & DevOps	AWS (S3, IAM), Heroku	Docker, Git	CI/CD
APIs & Tools	REST APIs, Git, GitHub	Stripe, PayPal	Figma, Trello

PERSONAL DETAILS

Location	High Wycombe, UK
Transport	Full UK driving licence and personal vehicle
Right to Work	British Citizen
Languages	English (Native)
Availability	Available for immediate full-time or part-time remote engagement

ADDITIONAL INFORMATION

GitHub: github.com/delroybrown (Portfolio projects available upon request)

Portfolio: delroybrown-portfolio.ct.ws

Professional Traits: Proactive problem-solver with demonstrated passion for clean, maintainable code; Strong self-learner leveraging AI tools and modern development practices; Excellent communicator thriving in agile, collaborative environments

Certification in Progress: AWS Cloud Certification (Associate level)

References and detailed project portfolio available upon request.
